Response
<p>12/03/2020 10:52 AM (ET)</p> <p>Dear Grant,</p> <p>Thank you for your question.</p> <p>A taxi, Uber, or Lyft would be an eligible cost under transportation in the supportive service section of the CoC Program interim rule (see section 578.53(e)(15) for more information about eligible transportation costs), so long as the costs are reasonable and appropriate, and other public transportation options are not available or reasonable for a program participant.</p> <p><i>Please note: The response provided in this email is specific to the question you submitted and may not apply to similar questions.
