

HMIS Agency Staff Reporting License Request

We're excited to offer agencies the ability to create and run their own reports using the Data Analysis Tool in Clarity Human Services by purchasing Agency Staff Reporting Licenses. This type of reporting license costs an additional \$125 annually (total user license with expanded reporting capability would cost approximately \$625 annually and is subject to change as vendor fees increase). For more details on the Embedded Data Analysis Tool, you can visit this [link](#). This type of Reporting License must be approved by an Agency Official who is authorized to sign HMIS Documents on the Agency's behalf.
