

WHAT GOES IN A CARE BAG?

We will be assembling care bags with donated items and distributing them to people seeking services during Point-in-Time Count and Project Homeless Connect.

This is what they will look like.

1) PERSONAL HYGIENE PRODUCTS

Each pack will contain ***travel sized*** personal hygiene products, including: toothbrush, toothpaste, deodorant, shampoo, conditioner, soap, and washcloth.

2) COLD WEATHER GEAR

Each pack will contain cold weather gear, including blankets, gloves, beanies, hand warmers, and socks.

3) EXTRAS

Based on the donations we receive, we will include extras! We always include a snack for all bags, and often include things like chapstick, water bottles, hydration powders, masks, and/or any other items that are helpful for general wellbeing.

CAFTH is assembling care bags for Project Homeless Connect now until January 25th, 2024.

We are in need of donations. A list of the items we still need for care bags can be found on our Amazon Wishlist, linked here:

<http://bit.ly/CAFTH-Wish-List>

Additionally, you can volunteer to assemble care bags before 1/25/24. To plan a time to volunteer, please email Curtis Watson at curtis@cafth.org.

THANK YOU!
