## What is Project Homeless Connect?

For those experiencing housing insecurity, it can take months to secure stable housing. Community Alliance for the Homeless is excited to announce the return of Project Homeless Connect.

This event brings service providers, community partners, and volunteers together under one roof to provide those experiencing homelessness with immediate access to medical services, mental health resources, case management access, career assistance, legal documents, social services, and legal support.

## We Need Volunteers!

This event relies on your volunteer support. Sign up to volunteer using the QR code above.
